Vision

To be the Leading Ethical Institution of Excellence in creating Dynamic Leaders, Technocrats and Researchers in Industrial, Social and Economic Development of Nation.

Mission

To ensure Excellency, Promote ethical growth in developing the student's competency, skills, attitude for employability, entrepreneurship and research ability.

To provide an infrastructure, environment that values and encourages knowledge acquisition, academic freedom to make this as a preferred institution.

To develop and retain competent, creative empowered faculties to develop potential leaders adding value to the nation.

To collaborate with industries, Government and research institutes to develop innovative technocrats.

✚ From The Principal's Desk

Dear students and faculty members,
It is my privilege to warmly welcome you into the great institution dedicated to the cause of top quality technical education with the goal of "Taking you to for the future endeavours through technology".

Our management has dedicated this institute to improve technical excellence, ethical values and overall development of student's community of especially remote area and the nation as a whole.

Computer Science and Engineering (CSE) is the most vibrant branch fostering new developments in computer technology at the crossroads. It provides the most demanding skills one can learn to excel in his/her profession. Department of Computer Science and Engineering is committed to providing excellence in teaching, skills & inculcating a sense of pride, confidence and best placement opportunities for the students looking forward to their bright future.

It's my immense pleasure to inform you that during the July-2019 to March-2020 and in (COVID-19) pandemic situation our CSE faculties put their best efforts towards the perfection. As I would like to inform you that they had organized abundant 27 online webinars, 6 workshops, 1 STTP, 10 expert talks and one Industrial visit (ISRO) to improve the skills of the students.

We will provide you with details about scope of placements in CSE and as demand is so high in multinational companies like TCS, Wipro, Cognizant Capgemini, MindTree and well known IT companies in south Gujarat region like La Net Team Software Solutions, Bosleo Technologies Pvt. Ltd., Softstrom Systems Pvt. Ltd. etc. recruit our students with good packages.

The exemplary infrastructural facilities, the team of highly qualified and dedicated faculties of CSE department - RNGPIT will surely take you to enviable heights in your capabilities and achievements.

Dr. L. B. Chaudhari

Principal,

**R.N.G. Patel Institute of Technology – RNGPIT,
Bardoli**

From The Head of Department's Desk

It gives me great pleasure to present the yearly issue of the Computer Science and Engineering (CSE) Department, RNGPIT Newsletter for the academic year 2019-20.

True to its name, this newsletter gives an insight into the range and scope of the imagination and creativity of our students, faculty members and department.

Providing ample opportunities in engineering education is one of the most fundamental obligations we owe to our students because in RNGPIT, Computer Science and Engineering department, we are driven by the belief that every student deserves a high quality education.

Technology is evolving at a dizzying rate and our classrooms may not be designed to keep pace with it. There may be a lot wrong in the style of education but the pages of Newsletter tell the tale of all that have been a part of what is right about the education they get in RNGPIT, Computer Science and Engineering Department. Faculties of this department are keen to provide the best learning environment to the students which enables them to stay updated with ever changing technical advancements.

Training and placement Cell of CSE department, RNGPIT ensures that each student gets the best career opportunity from campus.

I applaud the editorial team for the hard work and dedication they have invested in realizing this goal, and wish my dear students success in all future endeavours.

Dr. Madhavi B. Desai
Head of Department,
Computer Science and Engineering Department

Department Best Practices

- Outcome based learning
- Continuous mentoring and student project assessment
- Organize conferences, webinars, workshops, STTP, expert sessions on cutting edge technologies.
- Extra technical activities other than curriculum are organized by Google Developer Student Club (GDSC) and Computer Society of India (CSI) chapter for all round development of students to make them industry ready.
- Faculty and students work on research projects funded to engage students in research related activities by Student Start-up Innovation Policy (SSIP).
- Subject wise project

Department Profile

Name of the Department	Computer Science and Engineering
Course	Bachelor of Engineering
Year of Starting	2010
Year wise Sanctioned Intake	60

Vision and Mission

Vision

- To create a holistic teaching -learning ecosystem with a vision to prepare globally competent computer professionals for the development of society and the nation.

Mission

- To ensure effective and efficient teaching learning process for sound fundamentals.
- To impart technical skill through effective hands on practice on advanced technologies and Value education.
- To prepare industry ready professionals by industry partnerships and entrepreneurs activities.
- To inculcate human values, research capabilities, leadership abilities and ethics in young minds.

Program Educational Objectives(PEOs)

PEO1: The graduates will be able to interact with their peers in industries and society as an engineering professionals, entrepreneurs and leaders to set up technical ambience in the society.

PEO2: The graduates will be able to reveal professionalism, ethical attitude, strong communication skills and maintain good team work spirit in their profession.

PEO3: The graduate will be able to utilize their skills with strong foundation to prepare them for higher learning and research activity.

PEO4: The graduate will be able to build up an ability to analyse the requirements, comprehend professional specifications, design and provide engineering solutions.

Program Specific Outcomes (PSOs)

PSO1: Analyse, design and develop algorithmic solutions to any real life problems.

PSO2: To provide solutions for complex engineering problems by understanding the computer science concepts.

PSO3: To demonstrate the use of knowledge and ability to write programs and integrate them with software/hardware products in the domain of database, networking, data analytics, mobile communication technologies and web technologies.

Department Achievements

✓ Orientation 2019

A 3-week Induction Programme is being organized every year to bridge the gap between the newcomers and the Institute's system. This year also it was organized by the Department of Computer Science and Engineering, RNgPIT from 18th July to 7th August 2019 for the batch of 2019-2023.

It provides an excellent opportunity to the newcomers to establish great friendships and helps them create an environment that keeps them motivated throughout their course of Engineering. Alongside academic curricular, it very well considers the holistic development of students. This Interactive programme included physical activities and creative arts and a sequence of expert lectures.

The main objective of the Induction program is to make the new comers familiar with the college environment. Induction program helps the new students to adjust with the culture and ethos of the institution. It also helps them to bond with the other students, seniors and the faculties.

The orientation program also included a presentation about the college and its facilities. Also, information about DSC club of college was also given. Also, the 2nd -3rd year students took the new comers for a campus tour and made them familiar with the campus.

Expert lectures were very helpful to students as they came to know many important things about their career. Experts were various fields were invited and

students also interacted with them. They covered many topics about industries and answered every doubts. Their speeches motivated the students to work hard. They also explained about the need of mentor in one's life and gave every possible information about their respective fields. Experts also included start up related doubts and confusions and ways and methods to do business.

Department Activities

✓ Department faculty members and students have actively registered and completed courses from NPTEL, Coursera, IBM, TATA, Google, Allision etc.

✓ "Red Hat Academy" in association with Prakshal IT Academy, Ahmedabad as a training provider for imparting new generation Linux skills.

With an aim to enrich practical knowledge of students which includes conduction of regular technical activities, training support, placement support and certification support course program and Global Certifications like RHCSA (Red Hat Certified System Administrator) and RHCE (Red Hat Certified Engineer) under Red Hat Academy Partner Program.

Till date 30 students of Computer Science and Engineering Department had taken training under it and have successfully completed the training and had given international certification examination called RHCSA after completion of 80 hours of training module under guidance of industry experts.

Workshops

• Workshop on "Mathematical Modelling of Artificial Neural Network (ANN) & its Implementations using Python"

Computer Science and Engineering Department of Our Institute RNGPIT had Organized One Day Workshop on "Mathematical Modelling of Artificial Neural Network (ANN) & its Implementations using Python" in association with Dr. Priyank Thakkar, Associate Professor, Nirma University dated on 10th October, 2019 in which 202 students and 10 faculties had participated.

• Workshop on "Global Diversity CFP Day"

Computer Science and Engineering Department of Our Institute RNGPIT had Organized One Day Workshop on "Global Diversity CFP Day" under GirlScript Surat conducted by Mr. Dhruvil Shah, Senior Mobile Application Developer at High Level dated on 17th January, 2020 in which more than 140 girls and 4 faculties of our institute had participated.

• Workshop on "How to Prepare for Competitive Coding & Placements in IT/Software Companies"

Computer Science and Engineering Department of Our Institute RNGPIT had Organized One Day Workshop on "How to Prepare for Competitive Coding & Placements in IT/Software Companies" conducted by Miss Mamta Kumari, Co-Founder, Prepbytes, Gurgaon dated on 13th February, 2020 for 2nd, 3rd and final year students in which 21 students of GIDC Engineering College, Navsari, more than 200 students and 8 faculties had participated.

• Workshop on **“Introduction to Robotics”** Computer Science and Engineering Department of R. N. G. Patel Institute of Technology-RNGPIT (Previously known as FETR) has organised one day workshop on **“Introduction to Robotics”** in association with Student Start-up and Innovation Policy (SSIP), conducted by Miss Bhagyasri Patel, Asst. Professor, RNGPIT dated on 28th February, 2020 in which 46 students of Waghai Polytechnic and 4 faculties had participated.

Workshop covered types of Robots and its internals and Students were demonstrated their projects related different concepts of Robotics at Atal Tinkering Lab of HPVTC (B.Voc). Here students have explored different working prototypes of Robots.

✓ Short Term Training Program(STTP)

• Computer Science and Engineering Department – RNGPIT has organized six days Short Term Training Program (STTP) on **“Practical Approach for Data Science”** in association with **Computer Society of India** and **Student Start-up & Innovation Policy (SSIP)** dated on 22nd-27th June, 2020.

STTP covers Introduction to fundamentals of deep learning & linear algebra, How to read and understand a research paper in data science, practical approach of tensor flow, Data pipeline and model, Deploy model in production and case studies of Zujo in AI.

✚ Google Developer Student Club (GDSC)

✓ Department students are currently handling a club "Google Developer Student Club (GDSC)" under Google at RNGPIT Campus since 2018.

✓ **Google Developer Student Clubs (DSC)** is a community groups for students from any academic background in their undergraduate or graduate term. DSC provides students a platform to build their professional and personal network, get access to Google developer resources, and work together to build solutions for local problems in a peer-to-peer learning environment during their graduation.

✓ **Mr. Kuldip Patel** our fellow student of Computer Engineering department is appointed as **DSC Lead** by Google LLC, India for the year 2019. Under his leadership, total 51 students are actively participating in this programme at our Institute. Many workshops and fun activities are carried out till date on various topics like Machine Learning, IoT, Block chain, Hands-on workshop on Android App Development, Advanced concept of Android App Development etc. Every year Google organises Developer Student Club Summit, where student Lead from various Institutes participate in it. This year our lead Kuldip Patel along with **200 leads from 98 cities across 178 colleges in India**, attended the summit which was held at The Leela, Goa on 23rd-25th August 2019. This program will make it easy for students and developers to gain the skills they need to be successful in the changing technology landscape.

✓ Our Department Students are the core team members of this club and really we are happy to share with you all that till now **25 sessions on topics of new technologies** are carried out and around more than 300 students of Computer Science and Engineering Department have actively participated in it.

✓ These topics are such that which are not part of students regular academics and this sessions are

carried out by students other students of CSE department and not by any faculties. Department Students are actively participating in it and are also delivering sessions on new technologies.

✓ Members of Club are arranging online and offline sessions by carrying out different type of activities like Technical Competitions, Online Workshops, Short Term Training Program (STTP), Hands on Sessions, Technical Quiz etc. for students of Computer Science and Engineering department and students of B.Voc-Software Development department too.

✓ **Events:**

Faculty Achievements

✓ **Dr. Madhavi B. Desai** has rendered her services as a reviewer in the peer- review process for the reputed journals like Cogent Engineering, Public Library of Science (PLOS), IEEE International conference Indicon 2019, PICET 2020 (Parul University International Conference on Engineering and Technology : SMART ENGINEERING and TECHNOLOGY)

✓ **Dr. Madhavi B. Desai** is a **member of advisory committee** in upcoming Conference ICATCT-2K20 which was scheduled to be held on 3-4 April 2020 at Jaipur Engineering College and Research Centre, Jaipur, India.

✓ **Dr. Madhavi B. Desai** has life Membership in Indian Society of Technical Education (ISTE), one year Membership in IEEE (Membership No.:95511880) and one year Membership in ACM (Membership No.: 4911059).

✓ **Miss Bhavini R. Bhatt** has life Membership in Institution of Engineers (India) [IEI].

✓ **Mrs. D. R. Chaudhari** has life Membership in **Indian Society of Technical Education (ISTE)** and Professional

Bodies in **Computer Society of India (CSI)** for 3 years.

✓ Project entitled “**ARTIFICIAL EYE**” provided SSIP Grant for Proof of Concept by **SSIP Cell, RNGPIT** in year 2020 under the guidance of Prof. D. R. Chaudhari.

✓ **Mr. Vivek C. Joshi** has membership in **International Association of Engineers (IAENG)** (Membership No.: 146840) and **Computer Society of India (CSI)** for one year.

✓ **Mr. Dhaval J. Rana** has membership in **Computer Society of India (CSI)** for three years.

✓ **Mr. Hemang J. Shah** has membership in **Computer Society of India (CSI)** for three years.

✓ **Mr. Karan P. Bhatt** has successfully completed the course on “**Entrepreneurship Development Programme EDP-II**” run by The **Centre for Entrepreneurship Development (CED)** from 31st January, 2020 to 15th February, 2020 and received Certificate of Excellence from Government of Gujarat.

✓ **Mr. Nikunj Y. Kansara** has membership in **Computer Society of India (CSI)** for one year.

Technical Articles are a boost and in the current technological scenario a student must have written some online articles which reflect his/her knowledge and representation skills.

DSC tried to bridge the gap by hosting this competition in which every participant was required to write an

Online article on latest technologies like AI, ML, Cyber Security, Blockchain etc. on the article writing platform called “Medium”. We had a total of 31 participants registering for this contest. All the articles written by students were published under the DSC RNgPIT publication on Medium.

Domains for writing articles: Artificial Intelligence, Machine Learning, Deep Learning, Blockchain, Data Structures, Cyber Security, Data Mining, Software Engineering, Computer Networks, Operating Systems, Algorithms, DBMS, Web Technology, Digital Electronics, Cloud Computing, Computer Vision, Data Science.

Patron:

Dr. Latesh B. Chaudhari
Principal, RNgPIT.

Convener:

Dr. Madhavi B. Desai
Head of CSE Dept., RNgPIT

Faculty Coordinator:

Mr. Hemang J. Shah, Asst. Prof., CSE Dept., RNgPIT
As a result of this competition, many students wrote their first article and represented their knowledge, thereby also gaining experience about Article Writing. RNgPIT is the first college to hold such competition in the whole South Gujarat.
