

Notification

Recheck/Reassessment

1. Definitions

- **Recheck:** Verification of marks awarded, ensuring that all questions have been evaluated and marks are correctly totalled.
- **Reassessment:** A re-evaluation of the answers in the answer script to assess the correctness of the marks awarded.

2. Application Procedure

2.1. Filing a Request

- Students can apply for Recheck or Reassessment within **3 working days** from the date of result declaration.
- Applications shall be submitted through the **ERP Portal** under the dedicated section for Recheck/Reassessment. If the portal option is unavailable, then only a physical form can be collected from the Examination Office.
- Students must specify the subject(s) for which they are requesting Recheck or Reassessment.
- Students can apply for either Recheck or Reassessment for a particular subject; both options cannot be availed for the same subject.

2.2. Application Fee

Process	Fee (Per Subject)
Recheck	INR 250
Reassessment	INR 450

- Fees shall be paid online via the ERP system or in cash at the Accounts Section.

3. Review Process

3.1. Recheck

- Verification that all questions are evaluated.
- Checking for any totalling or data entry errors.

3.2. Reassessment

- A senior faculty member, other than the original evaluator, will re-evaluate the answer script.
- Marks may change or remain unchanged.

4. Outcome and Finality

- The revised marks, if any, will be updated in the ERP system and will be treated as final.
- If a student has applied for reassessment and the difference between original marks and reassessment marks is equal to or more than 20% of the maximum marks of the subject (e.g., 10 marks difference for a 50-mark paper, 14 marks difference for a 70-mark paper), then a second reassessment will be conducted. The final marks will be the average of the first reassessment and second reassessment marks.
- If the difference between original marks and reassessment marks is less than 20% of the maximum marks of the subject, then the higher of the original assessment and reassessment marks will be considered final without conducting a second reassessment.
- No further appeal shall be entertained after Reassessment.
